COMPANY PROFILE

MR.Viswanath Ramalingam began his journey in spices in the year 1990. He decided to set up his own brand "GRK" and thus established his head office at Eramalloor village, Alleppey District. At the outset, he was clear that there would be no compromise on quality and hence established a state of the art unit which could manufacture high quality spice and spice products to meet the requirements of global spice markets. GRK's emphasis on quality right from inception has made it a leading exporter of Spices and Spice products worldwide.

PRODUCTS

GRK has a wide range of products which include Whole and processed spices like Ginger , Nutmeg , Turmeric , Pepper , various grades of Green Cardamom Dehydrated Green Pepper, seed spices like Cumin, Fennel, Fenugreek, Celery etc . GRK also exports Steam Sterilized Black Pepper and heat treated spice powders with TPC and Aflatoxin guarantees.

QUALITY CONTROL

GRK has set up a very well equipped Quality Assurance Laboratory with a well experienced Quality Control Team. The Lab is NABL Accredited which ensures all quality and testing aspects meet global requirements. GRK's lab is equipped to test all norms as per EU and ASTA (except Heavy Metals and Pesticide residues). All raw materials, in-process and finished products go through the most stringent tests to ensure high quality standards and only after getting the approval from the Quality Lab are the final products packed in food grade bags as per buyers requirement.

FACILITIES

GRK has an indigenously designed facility for Garbling, Steam Sterilizing, Heat Treatment and grinding spices and spice products. High sensibility metallic detectors and magnetic systems are installed in the grinding units to ensure products are safe for human consumption. It also has the facility to grind pepper in various mesh sizes as per buyer specifications. In order to service customers faster (and also to spread its risk), GRK has invested in two separate godowns for processing and packing of spices, one at Puthencruz, Ernakulam District and the other at Vaikkom , Kottayam District.

CERTIFICATONS

GRK is an FSSC Certified unit. It has ISO 9001-2008(QMS), ISO 22000-2008(FSMS) certifications from UKAS, Kosher Certification from Star K Kosher, Spice House Certificate from The Spices Board of India. It has also obtained In-process Quality Control(IPQC) approval from Export Inspection Agency and is a Star Export Certificate Holder.

ACHIEVEMENTS

GRK has been receiving many awards regularly for its excellence in exports. It has received "TOP MOST EXPORTER OF NUTMEG AND MACE" Award for the year 2009-10&2010-2011 from Spices Board. It has also received Export Excellence Award for the year 2012-13 , 2013-14 & 2014-15 from Indian Chamber of Commerce and Industry (ICCCI) and from Federation of Indian Exporters Organization (FIEO) for Southern Region.

AREAS OF EXPORTS

GRK exports products of bespoke quality to USA, UK, SOUTH AFRICA, CANADA, WEST INDIES, BRAZIL, CHINA, SINGAPORE, GULF & MIDDLE EAST Countries.

Incessant innovation in its product range, regular upgradation of facilities, maintaining high quality and safety standards, dedicated and experienced employees (who GRK considers partners) - is what makes GRK tick and constantly endeavor to scale new heights in the spice industry.

The test of the pudding is in eating..... let GRK spice you up !!!
